This free event is presented by the Canadian Institutes of Health Research and its Institute of Circulatory and Respiratory Health

Refreshments will be provided
Attendance is limited to 60 people
Presentations will be in English only

Did you know? Venous thrombosis (blood clots in deep veins of leg and lung) is a common cardiovascular condition that affects adults of every age and ethnic group. Come join Thrombosis experts from the Jewish General Hospital to learn more about venous thrombosis and how to reduce your risk.

Informal presentations by our experts will be followed by a bilingual Q&A period.

Experts:

Andrew Hirsch, MD

Pulmonologist
Jewish General Hospital

Vicky Tagalakis, MD

Internist and Epidemiologist
Jewish General Hospital

Jessica Emed, RN, MScN

Clinical Nurse Specialist in Thrombosis
Jewish General Hospital

Moderator:

Susan Kahn, MD

Director, Jewish General Hospital Thrombosis Program
Professor of Medicine, McGill University
