Join us for discussion,
debate and refreshments

Insights into the future of aging

come and chat with Canadian experts

Wednesday, October 18th, 5 p.m.

Parliament Pub

101 Sparks Street, Ottawa

Please RSVP: cafescientifique@cihr-irsc.gc.ca

**Try the Amazing Aging
Machine™**

A state-of-the-art
software that adds
decades to your face in
a matter of minutes.

From 7 to 9 p.m.

What's your biggest concern about getting old?

CIHR Café Scientifique is your chance to find out and express your own views in a relaxed atmosphere. Hear some of Canada's leading health researchers talk about what we're learning about our aging brains, our aging bodies and the environment in which we're growing old. Kick back, relax, ask questions, and spark a discussion.

This first-ever event is presented by the Canadian Institutes of Health Research, Canada's funding agency for health research.
And it's free!

Experts:

Dr. Max Cynader
University of British Columbia
Brain Research Centre

Dr. Geoff Fernie
Toronto Rehabilitation Institute

Dr. Hélène Payette
Sherbrooke Geriatric
University Institute

Dr. Allison Sekuler
McMaster University
Vision & Cognitive Neuroscience

Moderator:

Dr. Anne Martin-Matthews
Scientific Director, CIHR's Institute of Aging

CIHR IRSC
Canadian Institutes of Health Research
Instituts de recherche en santé du Canada
