The Heart and Stroke Foundation of Canada and the
CIHR Institute of Circulatory and Respiratory Health
present a Café Scientifique

Get the 9-1-1 on Stroke

FREE EVENT!

Monday, June 1, 2009

5:30-7:30 p.m.

Heart and Crown Preston Street
353 B Preston St.

When it comes to stroke, time is brain. Each minute delay in calling 9-1-1 increases the odds of permanent brain damage, disability or death. Learn from stroke survivors and experts about why you should never ignore warning signs. Find out what researchers are doing to advance our treatment of stroke.

Join us for free refreshments and lively discussion. This free event is presented by the Heart and Stroke Foundation and the Canadian Institutes of Health Research. Arrive early! Discussion starts at 5:30 p.m. sharp.

RSVP: cafe@hsf.ca
